Dear Tribal Colleagues:

As you know, EPA cancelled the January 18th ID Human Health Criteria Tribal Consultation and Coordination Meetings with EPA Regional Administrator Dennis McLerran due to bad weather. We were worried about dangerous traveling conditions for tribes and for EPA.

We have now scheduled a new date, February 16, for Dennis McLerran to meet with tribes and we understand that some tribes would still prefer to meet in Spokane. I would like to hear from you about the time that works for you. So far we have heard from the Colville Tribe.

Here is a proposed schedule for February 16th meetings in Spokane:

Idaho Human Health Criteria Tribal Consultation and Coordination Meetings  
Schedule for Dennis McLerran - Spokane, WA, on February 16th

1. 10 am to 10:50 am
2. 11 am to 11:50 am; Colville Tribe
3. 12 noon to 12:50 pm
4. 1 pm to 1:50 pm
5. 2 pm to 2:50 pm

Please let me or Jim Zokan know what times work for you as soon as you can so we can finalize the logistical information.

Thanks, Mary Lou
